Project Title	Dormio			
Project Description	<u>About the company:</u> TekWave is a software development firm specializing in IT solutions based in Toronto, Canada. TekWave has a vision to create affordable dorm management software that provides easy to use software to lighten the load on students by simplifying and automating their daily tasks. <u>About the project:</u> The project aims to provide a comprehensive application which enhances student life and well-being. The Dorm Companion or “Dormio” provides current and future students with a centralized system which helps students living on campus by managing schedules, meal plans, and finances for students living in residence. The system strives to make campus life easier and deliver a fully functional app which efficiently helps students manage their daily life so they may excel in their current and future academics.			
Problem/ Opportunity Assessment *	<i>Please describe the current state problem/opportunity that describes the nature and extent of the problem (factual, quantified, concise), or that outlines a chance for advancement or progress.</i> <table border="1" style="width: 100%;"> <tr> <td style="width: 30%;"> 1.Student Well-Being 2. Managing Finances 3.Meal Planning 4. Scheduling Conflicts 5. Maintenance request </td><td style="width: 70%;"> 1. Students struggle to balance daily life with academics which causes stress 2. Students need tools to help to manage their money. This leads to more stress 3. There is an abundance of students with poor eating habits and nutrition due to heavy workloads. With a meal plan section implemented, this diminishes that problem 4. Students can have issues planning events and activities due to conflicting schedules </td></tr> </table>		1.Student Well-Being 2. Managing Finances 3.Meal Planning 4. Scheduling Conflicts 5. Maintenance request	1. Students struggle to balance daily life with academics which causes stress 2. Students need tools to help to manage their money. This leads to more stress 3. There is an abundance of students with poor eating habits and nutrition due to heavy workloads. With a meal plan section implemented, this diminishes that problem 4. Students can have issues planning events and activities due to conflicting schedules
